HOLIDAY LIGHT RECYCLING – Holiday Lights are considered as tangles and should not be placed in your curbside recycling. Tangles, such as holiday lights and power cords will cause problems and shutdowns at the local recycling facility. All broken, burned out strings of lights, power strips and power cords can be dropped off at the Service Garage off of Oakes Road. There will be a Recycle Bin outside with a sign. Place items loose in the Recycle Bin and take all bags and boxes home. Artificial trees, solar lights and outdoor spotlights are not accepted.

LEAF PICK UP IS STILL GOING ON – The trucks are still out and will continue with the final sweep of leaves throughout the city.

BE A RECYCLING AMBASSADOR! Applications Now Being Accepted for District’s New Adult Education Program the Cuyahoga County Solid Waste District is now accepting applications for the new Cuyahoga County Recycling Ambassador Program. Cuyahoga County's Recycling Ambassador course is an advanced learning, recycling education and training opportunity for adults. The program offers participants an in-depth study of waste reduction, composting, and recycling. Recycling Ambassadors are trained to work in their communities and help improve recycling by serving as their neighborhood’s “subject matter expert” on recycling. The course is offered 3 or 4 times per year and consists of four 2-hour classes, held virtually through online meetings. Classes, held in the evening on Wednesdays or Thursdays, are taught by Solid Waste District staff members. Virtual or in-person tours of recycling facilities, businesses and organizations are held quarterly as a continuing education component.

Please review the information [HERE](#) regarding the changes that will take place at the Community and Recreation Center when Cuyahoga County is in each of the warning levels (1-4) within the Ohio Public Health Advisory System. The explanation of levels and the guidelines for each level are listed in the chart at the link above. The City's mask/facial covering policies will remain in effect at all 4 levels. COMPLETE AND CURRENT FACILITY PROTOCOLS/GUIDELINES ARE AVAILABLE ONLINE AT: www.bhrec.org.

PLEASE NOTE: If we go up a level, the action is immediate, if we move down a level, there will be a 5-day period until action is taken. If for example the level is purple and changes down to red, we must remain in the purple zone protocols for 5 consecutive days before we can change our protocol to the red level guideline.
