RECREATION CENTER CHANGES DURING ALERT LEVEL CHANGES

BASED ON THE CURRENT WARNING LEVEL WITHIN THE OHIO PUBLIC HEALTH ADVISORY SYSTEM

Please review the information [HERE](#) regarding the changes that will take place at the Community and Recreation Center when Cuyahoga County is in each of the warning levels (1-4) within the Ohio Public Health Advisory System. The explanation of levels and the guidelines for each level are listed in the chart at the link above. The City's mask/facial covering policies will remain in effect at all 4 levels. COMPLETE AND CURRENT FACILITY PROTOCOLS/GUIDELINES ARE AVAILABLE ONLINE AT: www.bhrec.org.

PLEASE NOTE: If we go up a level, the action is immediate, if we move down a level, there will be a 5-day period until action is taken. For example, if the level is red and moves up to purple than immediate action must be taken to follow the guidelines under the purple level. If for example the level is purple

and changes down to red, we must remain in the purple zone protocols for 5 consecutive days before we can change our protocol to the red level guideline.
