BEAUTIFYING AND MAINTAINING MEADOW RIDGE ESTATES: The neighborhood is looking for a group of people to take over beautifying and maintaining the entrance signs at Russett/Harris and Meadow Gateway/Harris. If you are interested in helping beautify the neighborhood, please call the city Service Director David Schroedel at (440) 717-4022.

ILLUMINATING COMPANY UPGRADES If you haven't already, you will receive a notice from The Illuminating Company that someone will come to your house to replace your electric meter with a "Smart Meter." If you refuse it, you will have to pay a monthly fee of \$28.29 to refuse it and sign off that you are refusing it. About a month before your meter is exchanged you'll receive a brochure from the Illuminating Company explaining what a smart meter is and how the program works. Anyone doing this work should be properly identified and all of this work is done on the outside of your home.

COVID-19 VACCINE Now that the vaccine is more widely accessible, there are many websites and locations where you can register to receive your vaccine. Please contact the Human Services Department if you need help with registering.

OSHIIP MEDICARE COUNSELING (Ohio Senior Health Insurance Information Program) is a program run by the Ohio Department of Insurance to help people understand Medicare. Jim Langan is a volunteer OSHIIP counselor in Broadview Heights and will continue to offer appointments for individual Medicare counseling in 2021. Jim can help people new to Medicare understand how Medicare works, what benefits Medicare provides, and what options are available, as well as counsel people who are already on Medicare. To make an appointment call the Broadview Heights Senior Center at 440-526-4074.

ACTIVITIES ALERT All Broadview Heights Human Services programming are being offered in person. Please contact the office at 440-526-4074 for an updated list of virtual programming. Please check out the monthly newsletter which can be found on our website under [Human Services / Department Newsletter](#)

CUYAHOGA SOIL AND WATER CONSERVATION DISTRICT is happy to announce the following:

MASTER RAIN GARDNER (MASTER RAIN GARDNER FLYER HERE):

- Fall Online Class Starts August 23rd: <https://cuyahogawcd.org/events/2021/08/23/master-rain-gardener-fall-online-course>

2021 ROADWAY EVALUATION AND PAVING The City evaluates the streets on an annual basis and formulates a repaving program mainly based on the road conditions. The linked map, [CLICK HERE](#), shows the City's annual roadway evaluation. In the legend there is a rating scale A to F (A-best, F-failing). Below the legend, are maintenance related items the City plans on doing in 2021 (e.g. crack sealing) and the list of streets for paving this year.

IMPORTANT INFORMATION REGARDING TRAFFIC LIGHTS ON SR 82 The second set of signal heads in each direction is optically programmed to avoid giving conflicting indications to SR 82 traffic and potentially cause a vehicle to run a red light. Generally, whenever the first set of signals for EB or WB 82 traffic turns green, the second set will turn green as well. At the end of the phase, the first set should go to yellow and then red, while the second optically programmed set will remain green and activate the left turn arrows so as to clear out any traffic remaining between Market Place East and Glenwood. The optically programmed heads should only be visible to those vehicles in between the intersections so that vehicles back at the first set of signals do not mistakenly see green indications and think that they are able to proceed forward. Similarly, in instances where there is only side street demand on either Market Place East or Glenwood (but not both), the respective side street will be given a green light along with the downstream optically programmed heads so that vehicles turning right out onto 82 will be able to continue on their way through the adjacent intersection. Again, 82 traffic is seeing red at this time at the first set of signals and we do not want them to be able to see the second set of optically programmed signals which will be displaying green as this could cause them to run their red light. The optically programmed heads are a safety measure that is necessary when you have a signalized offset intersection such as this.

POINT OF SALE INSPECTION OF SEPTIC SYSTEMS – Please see the ordinance regarding the Point of Sale Inspection for residents with septic systems. [1048.01 ORDINANCE POINT OF SALE INSEPECTIONS OF SEPTIC SYSTEMS](#).
