Sunday 7:30AM-6:00PM

HUMAN SERVICES DEPARTMENT

ACTIVITIES ALERT All Broadview Heights Human Services programming are being offered in person. Please contact the office at 440-526-4074 for an updated list of virtual programming. Please check out the monthly newsletter which can be found on our website under [Human Services / Department Newsletter](#).

PROTOCOL UPDATE Due to our case status [CDC COVID Data Tracker](#) and continuing to follow CDC guidelines, we have updated our [HUMAN SERVICES PROTOCOL](#) to mandating masks be worn at the center for staff and visitors for the Human Services Department.

COVID-19 VACCINE Now that the vaccine is more widely accessible, there are many websites and locations where you can register to receive your vaccine. Please contact the Human Services Department if you need help with registering.

SERVICE DEPARTMENT

DISPOSAL OF FURNITURE, MATTRESSES AND BOX SPRINGS These items are to be disposed of with your regular trash. Upholstered items, mattresses and box springs **MUST BE** wrapped up in plastic (Painter's Plastic works well) to be picked up by Rumpke. Please contact Rumpke to inform them of the large item pick up 24 hours in advance at 1-800-828-8171. Additional information can be reviewed on our website [HERE](#).

DISCARDING OF WIPES Please note that wipes (for example Clorox, Lysol, baby wipes...) are not to be flushed down toilets. These wipes are not made to breakdown. Please dispose of wipes in your garbage and only flush toilet paper. Thank you! NO wipes are flushable, even if the box says they are. Please dispose of wipes in your garbage and only flush toilet paper. Thank you!

ENGINEERING DEPARTMENT

IMPORTANT INFORMATION REGARDING TRAFFIC LIGHTS ON SR 82 The second set of signal heads in each direction is optically programmed to avoid giving conflicting indications to SR 82 traffic and potentially cause a vehicle to run a red light. Generally, whenever the first set of signals for EB or WB 82 traffic turns green, the second set will turn green as well. At the end of the phase, the first set should go to yellow and then red, while the second optically programmed set will remain green and activate the left turn arrows so as to clear out any traffic remaining between Market Place East and Glenwood. The optically programmed heads should only be visible to those vehicles in between the intersections so that vehicles back at the first set of signals do not mistakenly see green indications and think that they are able to proceed forward. Similarly, in instances where there is only side street demand on either Market Place East or Glenwood (but not both), the respective side street will be given a green light along with the downstream optically programmed heads so that vehicles turning right out onto 82 will be able to continue on their way through the adjacent intersection. Again, 82 traffic is seeing red at this time at the first set of signals and we do not want them to be able to see the second set of optically programmed signals which will be displaying green as this could cause them to run their red light. The optically programmed heads are a safety measure that is necessary when you have a signalized offset intersection such as this.

POINT OF SALE INSPECTION OF SEPTIC SYSTEMS Please see the ordinance regarding the Point of Sale Inspection for residents with septic systems. [1048.01 ORDINANCE POINT OF SALE INSEPECTIONS OF SEPTIC SYSTEMS.](#)
