The event will take place at the Broadview Heights Pavilion in front of the Community Center. The cost is \$2.00 per child and they ask that you RSVP at 440-596-3047.

Memorial Day Drive-Thru Parade Due to the success of last year's Memorial Day Drive-Thru Parade and with COVID still among us, the City of Broadview Heights would like to honor those who served by having another Memorial Day Parade "Drive-Thru" in 2022. The drive-thru will begin at 10 am on Monday, May 30th at the Broadview Heights Community Center, 9543 Broadview Road, and will continue on until 12 pm.

In an effort to make this a truly community event, The City of Broadview Heights would love for you to memorialize a serviceman or servicewoman that is near and dear to you. Honor your hero, by decorating your car with their photos, display their uniform in your window, write their name and service branch on your vehicle and share their story with others as they drive through. We will display pictures of your tribute in a gallery on our social media pages. Space is limited, so if you would like to participate you can RSVP by May 15th, 2022 to Kristy Knudsen at kknudsen@broadview-heights.org and we can reserve a spot for you.

2022 SKYWARN-SPOTTER TRAINING Each spring, the National Weather Service Cleveland Office provides training for members of Fire and Police Departments, Emergency Management Officials, Amateur Radio Operators and weather-interested citizens on weather spotting techniques. The training is coordinated by the Cuyahoga County Office of Emergency Management and is conducted by a National Weather Service Meteorologist. Training will take place on Thursday, April 7th, 2022 from 6:00PM-8:00PM at the Independence Civic Center 6363 Selig Blvd. Independence, OH. For more information visit click [HERE](#).

WANT TO PERFORM AT ONE OF OUR EVENTS We are so fortunate to have so many talented live music bands in Northeast Ohio. We have limited time slots to book every band, we try our best to pick the best fit for our amphitheater. If you would like to submit an application please visit [OUR WEBSITE!](#)

COMMON QUESTIONS, PROBLEMS, OR ISSUES HOMEOWNERS HAVE As we head into spring and summer, the Building Department wants to answer some of the most common issues and problems concerning homeowners.

- Make sure grass is cut in a timely manner. Must not exceed 6 inches
- Weeds in beds and throughout yard must be maintained
- Garbage must not be put at the street until evening of the day before pick up
- All Garbage and trash containers should be kept behind the front of the house
- Boats, trailers and campers must be parked behind the front building lot line
- **Trip Hazards:** Check sidewalks and driveways to make sure they are not more than $\frac{3}{4}$ of an inch higher or lower than adjacent sidewalks/driveways.
- Clean moss growing on roofs and siding
- If installing a portable pool follow city guidelines
- If installing a gas line to your pool heater, outdoor fireplace, or grill it must be pressure tested and installed to all codes
- Grass maybe cut, and yardwork done by homeowners from 8 am to 8 pm
- Contractors may work from 7 am to 7 pm Monday thru Saturday
- Check with Building Department to make sure your contractors are registered and permitted properly

OHIO SMART GRID MODERNIZATION PROJECT From David Conley at First Energy: “The Ohio Smart Grid Modernization project allows us to integrate modern technology within our distribution system that helps reduce the impact of an outage, such as a car pole accident or a tree falling into wires. The system, once fully implemented, will locate, then isolate the outage to a smaller group of customers. This means an outage that might have taken out thousands of customers before would only effect potentially 100s of customers depending on the magnitude of the incident. This also means that customers that do see an outage will experience quicker repair and restoration. The antennas that our being installed throughout our territory allow the necessary remote control to run the equipment on our distribution line over a secure proprietary network. This would be like having a mesh wireless network in your home to have secure internet access everywhere in your house.”

EAST EDGERTON ROAD BRIDGE DECK REPLACEMENT As of now Great Lakes is scheduled to install detour signage for the Edgerton Rd Bridge on April 20th and the detour will be in place until August 17th, 2022. However there have been some delays with starting work and they are currently revising their schedule so these dates may be subject to change.

IMPORTANT INFORMATION REGARDING TRAFFIC LIGHTS ON SR 82 The second set of signal heads in each direction is optically programmed to avoid giving conflicting indications to SR 82 traffic and potentially cause a vehicle to run a red light. Generally, whenever the first set of signals for EB or WB 82 traffic turns green, the second set will turn green as well. At the end of the phase, the first set should go to yellow and then red, while the second optically programmed set will remain green and activate the left turn arrows so as to clear out any traffic remaining between Market Place East and Glenwood. The optically programmed heads should only be visible to those vehicles in between the intersections so that vehicles back at the first set of signals do not mistakenly see green indications and think that they are able to proceed forward. Similarly, in instances where there is only side street demand on either Market Place East or Glenwood (but not both), the respective side street will be given a green light along with the downstream optically programmed heads so that vehicles turning right out onto 82 will be able to continue on their way through the adjacent intersection. Again, 82 traffic is seeing red at this time at the first set of signals and we do not want them to be able to see the second set of optically programmed signals which will be displaying green as this could cause them to run their red light.

The optically programmed heads are a safety measure that is necessary when you have a signalized offset intersection such as this.

POINT OF SALE INSPECTION OF SEPTIC SYSTEMS Please see the ordinance regarding the Point of Sale Inspection for residents with septic systems. [1048.01 ORDINANCE POINT OF SALE INSECTIONS OF SEPTIC SYSTEMS.](#)
