Re: Insurance Repairs – Ohio CAT

On October 7, 2025 a City Backhoe/Loader was struck on Royalwood.

Attached is the initial quote for repairs from Ohio CAT in the amount of \$17,216.71. Since this amount is over \$10,000.00 I need Council authorization to proceed with these repairs. In addition to the amount of the initial quote, I am also requesting authorization to proceed with any supplemental work, if approved by insurance, that arise during the repair.

While the driver that struck our vehicle is insured, our agent generally recommends that we proceed with claims through our carrier, and then allow them to subrogate against the other insurance carrier. This keeps the City from having to fight with the other carrier over repair issues and has worked effectively in the past.

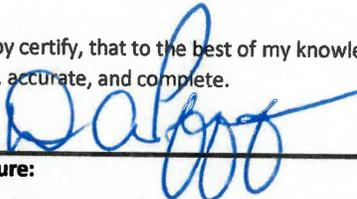

In this case, our carrier will initially pay us for the approved amount less our \$1,000 deductible. They will then subrogate against the driver's carrier, and once they receive payment they will reimburse us our deductible. In the event they are unable to procure the full amount of the claim, including our deductible, we will invoice the driver for any amounts not recovered. I have spoken with the Mayor's Court and they advised that the Magistrate will order restitution for this damage.

Please let me know if you have any questions.
