Required Documents

Please attach the following **required** documents to this Application:

Site Development Plans

- One (1) full-size, legible set and one (1) reduced (to 8 ½" x 11" or 11" x 17"), legible set of completely dimensioned site development plans, scaled no smaller than one-inch equals forty feet (1"= 40'). The site development plans shall be prepared, stamped, and signed by an engineer licensed and registered in the State of Ohio showing:
- The exact proposed location of the proposed Facilities within the Right-of-Way;
- Existing features on the site, including topography, streets, sidewalks, signs, crosswalks, fencing, buildings, existing Facilities with all existing transmission equipment, and major physical features within 100 feet of the site
- The location of all overhead and underground public utilities, telecommunications, cable, water, sanitary sewer, and storm water drainage utilities in the Public Way within one hundred (100) feet surrounding the proposed Facilities.
- The legal property boundaries within one hundred (100) feet surrounding the proposed Facilities;
- Distance, in feet, between the Facilities and existing curbs, driveways, sidewalks, trees, utilities, other poles, and existing buildings within one hundred (100) feet surrounding the proposed Facilities
- Access and utility easements within one hundred (100) feet surrounding the proposed Facilities.
- If the width of the Right-of-Way exceeds 100 feet, then state the width of the Right-of-Way in the Site Development Plans and depict the information required in (a)(ii) through (a)(vi) based on the width of the Right-of-Way instead of one hundred (100) feet.

Elevation Drawings

One (1) full-size, legible set and one (1) reduced (to 8 ½" x 11" or 11" x 17"), legible and reproducible set of complete elevation drawings, scaled no smaller than one inch equals ten (10) feet, of the proposed Facilities prepared, stamped, and signed by an engineer licensed and registered in the State of Ohio. Elevation drawings shall identify colors and materials of all equipment shown and shall indicate the natural grade on each elevation (cross-sections may also be required depending upon the complexity of the design)

Photographs

One (1) set of reproducible photographs of the existing condition of the site from the north, south, east and west and one (1) set of reproducible a photo simulations of the proposed Facilities from the north, south, east and west, depicting same elevation as photographs of existing site.

Notice to Property Owners

Evidence that the Applicant provided notice by mail to all property owners and addresses within 300 feet of the proposed Facilities prior to submitting the Application. The notice shall include:

- Name of the Applicant
- Estimated date Applicant intends to submit the Application
- Detailed description of the proposed Facilities and the proposed location
- Accurate, to-scale photo simulation of the proposed Facilities. Scale shall be no smaller than one inch equals forty (40) feet

A preliminary installation/construction schedule and completion date

Structural Calculations

One (1) set of reproducible structural calculations prepared, stamped and signed by an engineer licensed and registered by the State of Ohio showing that the Wireless Support Structure can accommodate the weight of the proposed Small Cell Equipment.

Small Cell Facilities Application Continued

Analysis of Interference with Safety Communications Equipment

Analysis demonstrating that the proposed Facilities do not interfere with the City's public safety radio system, traffic and emergency signal light system, or other City safety communications components.

FCC Compliance

An affirmation, under penalty of perjury, that the proposed Facilities will be FCC compliant. Please also include a report demonstrating compliance with applicable FCC standards for emissions from the proposed facility alone and in combination with any pre-existing facilities in the vicinity.

Wind Resistance Safety Analysis

Assessment of proposed Facilities demonstrating compliance with all applicable codes, prepared, signed, and sealed by an Ohio-licensed professional.

Electrical Power Safety Analysis

Assessment of proposed Facilities demonstrating compliance with all applicable electrical codes, prepared, signed, and sealed by an Ohio-licensed electrician.

Landscape Plan

One (1) set of reproducible plans demonstrating screening of proposed Small Cell Equipment.

Equipment Information

Drawings of the proposed facilities. For all equipment depicted, include, if applicable:

- The manufacturer's name and model number;
- Physical dimensions, including, without limitation, height, width, depth and weight with mounts and other necessary hardware; and
- The noise level generated by the equipment, if any.

If Applicant is not an Operator, then the Applicant must provide written proof that the Applicant has been engaged by a Wireless Service Provider who will be the end user of the Facilities and that the Wireless Service Provider has authorized the Applicant to perform the specific work requested on behalf of the Wireless Service Provider.

If the Facilities are to be located on a Wireless Support Structure that is not owned or operated by the City, then the Applicant shall provide written confirmation of permission to use the Wireless Support Structure from the owner or operator of the Wireless Support Structure.

Fees

Application shall be deemed incomplete until the Application Fee is paid to the City. Checks must be made out to the City of Broadview Hts.

- Application Fee: \$250 (Calculated on a cumulative basis for a consolidated request.)
- Attachment Fee: \$200 annually per attachment to a Wireless Support Structure owned or operated by the City, due upon the City's approval of the Small Cell Use Permit.

As-Built Drawings

Within 30 days after installation is completed, Applicant shall provide the City with as-built drawings.

Financial Surety

No later than 48 hours after the Small Cell Use Permit is issued, the Applicant shall provide to the City a bond, escrow, deposit, letter of credit, or other financial surety to ensure compliance with Chapter 1305 of the Codified Ordinances and Chapter 4939 of the Ohio Revised Code. The financial surety must be in an amount sufficient to cover the cost of removal of all Facilities owned or operated by the Facilities Operator.
